[Verse 1: Prez]

Aye ma, you lookin' like a million bucks  
Only beauty in the club, I ain't fuckin' with sluts  
Get your purse, get your slip for the coat closet  
My crib the ocean, then damn right the boat's rockin'  
Fuckin' on the hardwood floor, hard wood  
You pulled my card, and the card's good  
Ha (ha)  
On the wall, turn around and slide off your drawers  
Lace panties got me whisperin' thanks to God  
Say "Ah" like Fabo and Trey said  
Lay you on the bed, kiss you from your lips to legs  
Shake them hips and give me head, what you brain  
dead?  
Got me bustin' like icing on a wedding cake  
Aw, for Christ's sakes, I ain't fuck wit lightweights  
Quittin' after one hit, acting quite baked

I do it like a pro, got you screamin' for more  
Bet you weren't dreaming 'bout this, on the dance floor  
(Ha)  
(Prez)

[Hook: Prez]

Now it's me and you  
Girl quit playin'  
Let's go head up to my room  
Now  
It's gonna be a long night

Now it's me and you, now  
Girl quit playin' (Hey)  
Let's go head up to my room  
Now  
Girl, it's gonna be a long night
