[Intro: Bon Iver]

I shoot the lights out
High 'til it's bright out
Oh, just another lonely night
Are you willing to sacrifice your life?

[Verse 1: Prez]

Stop it, stop it, bitch I am a monster
Can't hold me down, 'cuz you bitches can't stop me
Pop me, drop me, try to lock me, toss keys
I can't, be stopped, 'cuz no one can top me
Crosshairs, cock heat, bullets can't stop me
Get done like Fredo Corleone, I know they gonna knock me
Steal me, kill me, medication that heals me
I need weed and Vicodin in amounts that thrill me
Chomp 'em, chomp 'em, turn 'em into swamp scum
Boy, I carry heat like them boys out in Compton
Shocking, shock 'em, Nic Cage, Bangkok 'em
Hold 'em over cliffs, heart stops, and then we drop 'em
Smack 'em, stack 'em, Glad bag wrap 'em
Put 'em in a oven, meat thermometer stab 'em
Jab 'em, drag 'em, fire like a dragon
Similar to Frankenstein, monster in a lab (uh)
