Verse

I'm finding a way out
I'll be the last one standing
I'm gonna leave you somehow and empty handed
Maybe my brains wrong
But my body's screaming
That I want you gone but I believe that

Pre-chorus

So many times your eyes are first to close
So many times I should have known

Chorus

I'll take the world that's falling
Roll it in a ball and throw it
Further than my eyes can see
Anywhere away from me
Ill burn the bridge you're walking
You can try but you can't stop it
Take your old apologies
Anywhere away from me

Verse

Flashback, here it comes
It's time to pack my bags and run
Rewind, rewrite, if I'm not coming home tonight
It's over now; we were only hanging by a thread
It's over now, your pushing pushed me off the edge

Pre-chorus

So many times your eyes are first to close
So many times I should have known

Chorus

I'll take the world that's falling
Roll it in a ball and throw it
Further than my eyes can see
Anywhere away from me
Ill burn the bridge you're walking
You can try but you can't stop it
Take your old apologies
Anywhere away from me

Bridge

I can find my own way out
But where you been? If you know
Where a road is take me now
And ill forgive you, or let go

Oh I can't stop breathing
Oh I can't stop thinking about you
Oh I can't stop leaving
Oh I want you here now
I want you here now

Chorus

I'll take the world that's falling
Roll it in a ball and throw it
Further than my eyes can see
Anywhere away from me
Ill burn the bridge you're walking
You can try but you can't stop it
Take your old apologies
Anywhere away from me
