### Verse

You look sad now, hide the gold  
With the diamond rings, beneath the seats  
Pushed back so deep no hands will reach  
Thinking fast how, to pull it off  
There's flashing lights, just outside  
Leave tonight, or its 3 to 5

### Bridge

Stay you might get caught  
You need to come along

### Chorus

Now it's time to go, darling grab the gold  
Leave everything we own  
Were outlaws on the run  
Now were driving so fast, never stop to look back  
Everything I need, is sitting next to me  
Darling grab the gold

### Verse

Now were driving reckless  
Cause threes nothing like them telling us  
That all we have is not enough  
We're heading up while the world goes down  
They're after us they're all around  
The reasons why we left this town

### Bridge

Stay you might get caught  
You need to come along

### Chorus

Now it's time to go, darling grab the gold  
Leave everything we own  
Were outlaws on the run  
Now were driving so fast, never stop to look back  
Everything I need, is sitting next to me  
Darling grab the gold

### Bridge

I'm most wanted on TV  
A hundred cops are chasing me  
For a little sack of gold  
And banks are getting robbed  
Buildings are getting bombed  
And the lies we tell grow old  
Bridge  
Stay you might get caught  
You need to come along

Chorus

Now it's time to go, darling grab the gold  
Leave everything we own  
Were outlaws on the run  
Now were driving so fast, never stop to look back  
Everything I need, is sitting next to me  
Darling grab the gold
