Verse

Lightning then you're gone again
It's better left or never said
After all the story ends
And the time I had aint mine no more
It's always been a closing door
With the sun in her hair

Chorus

How can I tell you to stay?
How can I tell you to stay?

Verse

Oh if were free, were lost at sea
There's no other place to be
I can still hear the sound
And no one wants to be alone

And I decided long ago
If we don't we won't, if we don't

Chorus

How can I tell you to stay?
How can I tell you to stay?

Bridge

Were stuck in a rainstorm
Were stuck in a rainstorm
Were stuck in a rainstorm
Were stuck in a rainstorm

Chorus

How can I tell you to stay?
How can I tell you to stay?
