She Said

Verse

I'd fight through the pain if I could stay here
forever
I'd swallow the flames on my name for us to be
together
But with odds next to none, it just can't be done
You know but you don't want to hear
Now the storm in your eyes, is growing in size
Cause coming next is your worse fear
And it's not the first time we've been here

Pre chorus

Don't leave me again she said
Don't leave me again, no

Chorus

Don't leave me again she said
Don't leave me again she begged and said
I'll die before my broken heart heals
Don't leave me it hurts to breathe
To think you'd do this to me
And i wanna show you how it feels
Please don't let out love come to end
Don't leave me again she said

Verse

Theres thorns in the rocks, we try to cross
Like a fairytale thats doomed to fail, they always work
out right
And now its hard to explain what we cant escape
Its a long shot and I wont stop, the story of my life
And we can't go on now, maybe later somehow
When the flowers come an ease to find
And theres no magic words that I could insert
To bring me back from far behind

Pre chorus

Don't leave me again she said
Don't leave me again, no

Chorus

Don't leave me again she said
Don't leave me again she begged and said
I'll die before my broken heart heals
Don't leave me it hurts to breathe
To think you'd do this to me
And i wanna show you how it feels
Please don't let out love come to end
Don't leave me again she said
