Verse

Iâ€™ve got a lot of time to spend on you
Donâ€™t need money when I have you coming home
with me
We can chat and watch a movie if you want to
Or instead make this bed a place that you wonâ€™t
ever want to leave
I lost my number can I have yours
I bet Iâ€™m not the only guy to tell you that before
You had one but I just scored
Maybe we can leave and getaway to spend some time,
just you and me

Pre chorus

You might want to wake up, cause

Chorus

Youâ€™re my girl tonight
Everything feels so right
Weâ€™re gonna feel just like
The Kings and Queens we always dreamed that we
would be
Tonight, wonâ€™t let it all pass us by
This is the chance of our lives
The futures never looked so bright
When youâ€™re my girl tonight

Verse

I really hope that you donâ€™t leave now
If theres more to you, I really wanna find out
You donâ€™t have to let your guard down
Youâ€™re gonna need it when were tangled, rolling on
the ground

Pre chorus

You might want to wake up, cause

Chorus

Youâ€™re my girl tonight
Everything feels so right
Weâ€™re gonna feel just like
The Kings and Queens we always dreamed that we

would be
Tonight, won't let it all pass us by
This is the chance of your life
The futures never looked so bright
When you're my girl tonight
Bridge
If you stay here, we can fall away
Into a strange land, maybe outer space
And know, you should stay here
There's nothing not to like
With you I'd drink some wine in candle lights

Chorus
When you're my girl tonight
Everything feels so right
We're gonna feel just like
The Kings and Queens we always dreamed that we
would be
Tonight, won't let it all pass us by
This is the chance of your life
The futures never looked so bright
When you're my girl tonight
