And you said rise above  
Open your eyes up  
And you said rise above  
But I can't, I can't How long will it take  
Before these feelings go away  
How much longer do I wait  
And are there any Real answers, anyway  
Your silence in a crowded room  
Louder than the loudest tune  
I hang on every word And you said rise above  
Open your eyes up  
And you said rise above  
But I can't, I can't I miss you in everything  
I was too fast traveling to take you in  
I know, silence is no crime  
Just wish I could Hear you fill it up, one more time  
Yes, I know what you'd say to me  
Exactly what you said to me  
I Still hang on every word And you said rise above  
Open your eyes up  
And you said rise above  
Yourself In a time of treason, is there time for trust  
Where there's no them, only us  
Is there time for reason? Has your heart had enough?  
Is it time to let go and rise above? And you said rise  
above  
Open your eyes to love  
And you said rise above  
Yourself
