When I'm with you,
I see all that is beautiful,
All that is good,
All that is right,
'Cause I'm looking right at you,

When we're apart,
You take the wind with you,
I float aimlessly,
Like a ship lost at sea,
Until you bring the wind back to me,
Then I find my way back home,

You should know that I miss you,
You should know that I think of you,
And know that you are loved,

This joy is so surreal,
I want to shout out everyday,
But I think you know,
That- I hold you in my heart,
I long for that moment,

Wait for that day,
When I see you again,

You should know that I miss you,
You should know that I think of you,
And feel that you are loved,

I long to hold your hand,
If only in my heart,
I saw you fade away,
But I could not from the start,
I hold you in my thought,
And when I am alone,
I feel you next to me,
I know that I am home,
I hold you in my thought,
And I am home,
I feel you next to me,
And I am home,

When I'm with you,
I see all that is beautiful,
It's 'cause I'm looking right at you.
