You might hear me make a racket like Wilson, cause I love summer, no Rachel Bilson, the winter will come, we just have parties inside, it's still fun, we're jammin', we're banging, chase your boyfriend, let's 'av him, we're rowdy, girls make our judgement cloudy, but when the sun comes up we're still alcys, we don't wanna be lousy or shameless, but we're running round like we're brainless, now I've got grass stains on my brand new White trainers, on my brand new White trainers, I know a few guys who hate us, they're as compelling as neighbours, so later, it's blater, we got our own style, you know now, so go wild and get hosed down, n-no, no, (yeah yeah) let's get down with the trumpets x4, (what) let's get down with the (down with the) x3, let's get down with the trumpets. When I get down, I get respect now, and when our tune drops, you know it makes your head bounce, yeah I move with the flow-oh-oh, and when I enter the room it shows, I move sick (when I dance), get chicks (wanna dance?), move in and move quick (when I dance), at risk (when I dance), just be careful you don't lose your chick (when I dance), that might just happen, so listen deep, stick with your madam or she might just leave, (yeah yeah) let's get down with the trumpets, x4, (what) let's get down with the (down with the), x3, let's get down with the trumpets. How much sound from the brass to the air, will it take to put your bras in the air? Pardon me there, just don't pretend that if I wasn't older, you wouldn't wanna dance with me, yeeaahh, you're the last of my fears, I was top boy in the class in my year, well not really but half way there, and I could of been the headmaster so yeah, got vibes and charisma (lighter and rizla), baccy and filter (shine for me mister), I want the sine to (shi-i-ine), til I'm looking at a bright blue (sky-y-y), yes, and we drop it like anvils, bring your whole crew to a standstill, still, stick it on at clubs tonight, and I guarantee that no body would stand still, (yeah yeah let's get down with the trumpets, x4, (what) let's get down with the (down with the), x3, let's get down with the trumpets!
