Severed into separates  
We are segmentary habitats  
All that we know never has the structure  
Gotten through

Place everyone into a maze  
Watch them run around the race

Work your life away  
End up in the streets  
Oh the price you'll pay  
Never be at ease

The need to be together  
Or put in your place  
Muzzled bound and tethered  
A compromise you make

Involuntary crime  
Flares up  
A solitary life  
Masks the mass hysteria  
And you should know  
This is no area to be alone

So work your life away  
End up in the streets  
Oh the price you'll pay  
Never be at ease

The need to be together  
Or put in your place  
Muzzled bound and tethered  
A compromise you make

Your process leads you  
Where your thoughts misread you  
A peasant once removed  
Brand new set of rules  
They'll never leave you  
Once you shelter and feed them

Supplemented  
And synchronized

Work your life away  
End up in the streets  
Oh the price you'll pay  
Never be at ease

The need to be together  
Or put in your place  
Muzzled bound and tethered  
A compromise you make

A compromise you make
