I'm in trouble ups I'm in trouble
I'm in trouble
I'm in trouble ups I'm in trouble
I'm in trouble (x2)

Listen yeah I was at this club one time with a couple of
mates we was
Moving to the music we was busting some shapes.
We was one of their fans but they was loving the base,
so we headed to the
Smoking bit to puf and wait.
And then this kiddie overseeing had something to say
started moving to
Getting all up in my face, then his friends intervened
yeah then you called
Him a mug, I didn't have a clue and then they darted
punching away I
Thought oh well.

A Wiseman said to me the recipe for life is to conseve
your energy unless
You feel it's right, don't dance with the devil unless
he's in your mind
Take hold of the rebel an take this fight outside.

I thought damn this puts me in a difficult position three
against one but
Then my mates came in my vision, pulling me back and
thn it came te obvious
Decision and it's funny how these idiots are acting kind
of different, like
Naa brother you were given it the big un' all idle a
sudden someone called
Chief Wiggin. and now to the custody centre I'm being
driven you only have
To do a crime to be here and I didn't, police are so bad
it's kinda gotten
Old like respect wasn't a order they was told, and when
the blues act jazzy
I wanna slap then to the floor like "yeah bitch that's
what I call rock and

A roll"

A Wiseman said to me the recipe for life is to conserve
your energy unless
You feel it's right, don't dance with the devil unless
he's in your mind
Take hold of the rebel and take this fight outside.

Maybe I do maybe I don't
Maybe I do maybe I don't.
I'm in trouble ups I'm in trouble,
I'm in trouble (everything was going well and now)
I'm in trouble up I'm in trouble
I'm in trouble (can somebody explain just how)
I'm in trouble ups I'm in trouble
I'm in trouble (I just lost my head and I found)
I'm in trouble ups I'm in trouble,
I'm in trouble.

A Wiseman said to me the recipe for life is to conserve
your energy unless
You feel it's right, don't dance with the devil unless
he's in your mind
Take hold of the rebel and take this fight outside. (take it
outside)

I'm in trouble ups I'm in trouble
I'm in trouble (ups I'm in trouble yeah)
I'm in trouble ups I'm in trouble
I'm in trouble (ups I'm in trouble)
I'm in trouble ups I'm in trouble
I'm in trouble (yeah)
I'm in trouble ups I'm in trouble
I'm in trouble (again)
