### "Goodbye To Yesterday"

Our planets used to pave  
But nowadays  
They don't circulate the same orbit no more  
All the colours turned to grey  
We're down a strain  
Our relationship is sailing off the shore

Yeah, yeah, yeah, yeah  
I'm sick of living this way  
Yeah, yeah, yeah, yeah  
But I know it's gonna change

No matter if it's right or wrong this time  
We gotta leave the past behind  
There is nothing more to say  
So goodbye to yesterday  
Standing at the point of no return  
As the tears run down my face  
No turning back  
I wonder that  
So goodbye to yesterday  
Goodbye to yesterday

I don't know where we went wrong  
But the path we're on  
Is just killing everything that's just to be

Everyday is the same old song  
No we can't go on  
Covering our eyes from the reality

Yeah, yeah, yeah, yeah  
I'm sick of living this way  
Yeah, yeah, yeah, yeah  
But I know it's gonna change

No matter if it's right or wrong this time  
We gotta leave the past behind  
There is nothing more to say  
So goodbye to yesterday  
Standing at the point of no return

As the tears run down my face  
No turning back  
I wonder that  
So goodbye to yesterday  
Goodbye to yesterday

Just say goodbye  
To the days we had  
Yeah, yeah, yeah, yeah  
We're sayin' goodbye  
To the love we shared - oh

No matter if it's right or wrong this time  
We gotta leave the past behind  
There is nothing more to say  
So goodbye to yesterday  
Standing at the point of no return  
As the tears run down my face  
No turning back  
I wonder that  
So goodbye to yesterday
