

## No Address "When I'm Gone (sadie)"

Visit "[When I'm Gone \(sadie\)](#)" on MotoLyrics.com

La da dee, da dee, da dee, da dee, da dee, down,  
down, down

La da dee, da dee, da dee, da dee, da dee, down,  
down

La da dee, da dee, da dee, da dee, da dee, down,  
down, down

La da dee, da dee, da dee, da dee, da dee, down,  
down

Let's hop a train and stow away  
Down in Mexico  
And on the way as music plays  
We'll, let our beards grow tall

And she don't like me singing songs  
And she don't want to sing along

It's still the same and  
She only likes me when I'm gone  
It's still the same and  
She only likes me when I'm gone

La da dee, da dee, da dee, da dee, da dee, down,  
down, down

La da dee, da dee, da dee, da dee, da dee, down,  
down

I spilled my drink across the bar  
Said, "Baby what's your name?"  
Her boyfriend stood and smashed a bottle  
Over my head

And she don't like me singing songs  
But she just want to sing along

It's still the same and  
She only likes me when I'm gone  
It's still the same and  
She only likes me when I'm gone

La da dee, da dee, da dee, da dee, da dee, down,  
down, down

La da dee, da dee, da dee, da dee, da dee, down,  
down

La da dee, da dee, da dee, da dee, da dee, down,  
down, down

La da dee, da dee, da dee, da dee, da dee, down,  
down

And she don't like me singing songs  
But she just want to sing along, no, no, no

La da dee, da dee, da dee, da dee, da dee, down,  
down, down

La da dee, da dee, da dee, da dee, da dee, down,  
down

And she don't like me singing songs  
And she don't want to sing along

It's still the same and  
She only likes me when I'm gone  
It's still the same and  
She only likes me when I'm gone

It's still the same and  
She only likes me when I'm gone  
It's still the same and  
She only likes me when I'm gone

La da dee, da dee, da dee, da dee, da dee, down,  
down, down

La da dee, da dee, da dee, da dee, da dee, down,  
down

La da dee, da dee, da dee, da dee, da dee, down,  
down, down

La da dee, da dee, da dee, da dee, da dee, down,  
down

So let him come
