Some say the end is near. Cities and nations are gonna  
burn. If you find yourself on that road, you better know  
which way to turn. Would you know where to turn?  
I heard about this road - it ain't on no map. The only  
road that'll take you home, do you know where it's  
at?  
Hey, do you know where it's at?

It's the Righteous Road, the Righteous Road.  
Clear your mind and you will see. You gotta find that  
road. You gotta take that road, and drive until you are  
set free. Set free.

And if the world blows up, I hope that you survive.  
If I find you on that road, child, I'm gonna take you -  
take you for a ride. And we'll know where we're  
goin' - won't need no sign. We'll drive until we  
reach paradise. On the Righteous Road, the Righteous  
Road. We'll leave this dusty world behind, you and I,  
on the Righteous Road.
