Never say never, never, never
Well maybe sometimes
Yeahhh, Yeaaahh Autotune
See I never thought that I could be a singer
And I'm not
See I never thought that I'd be 6ft. tall
I'm short
See I never thought that I could be a Telemarketer
Would you like to buy some toner
I never not, did never think I'd fall
What
And I'm not being pescimistic
Stick
I'm just being realistic
RealISTICK
You should give everything you have
But remeber this
I will sometimes say never
I said it 6 times so far
I will eat peanut butter
Just cus it rhymes
Whenever my dog makes poop
You know what I'll make you do
Pick it up x4
Up, up, up, up
Unless you say never
I, I sometimes say never
I, I sometimes say never
I, I sometimes say never
Repetition is catchy
