Never Say Never
Well Maybe Sometimes
Yeah, Yeah, Auto tune

Verse 1:

See I never thought that i could be a singer (and I'm not)
I never thought that I'd be 6 ft. tall (I'm short)
I never thought that I'd be a telemarketer (would you like to buy some toner)
I never not, did never think I'd fall (what)

Pre-chorus:

and I'm not being pessimistic (Stick)
I'm just being realistic (realiStick)
You should give everything you have
But remember this

Chorus:

I will sometimes say never
(I said it 6 times so far)
I will eat peanut butter
(just cuz it rhymes)

Whenever my dog makes poop
You know what I'll make you do

Pick it up, pick it up, pick it up, pick it up up up up
Unless you say never

I, I sometimes say never
I, I sometimes say never
I, I sometimes say never

Repetition is catchy
