I know this world will fade away
But I know that I'm gonna see a brighter day
Keep my eye on you
No matter what the people say
Take me there

Sometimes I feel like I don't want to pray
But I know that I'm gonna see you someday
Please keep me close Lord I don't wanna stray
Take me there

Take me there tes I wanna go there (rep 3)
Take me there

Weh mi a go tell yuh right now a nut friction
Yuh husband hurt you put on expansion
In a mi fada house many many mansions
So nuh mek earth thing caught attention
