I wanna make a song that'll make you cry
'Happy face' tears fall from your eyes
Summer kisses us from a cherry-red sky
I'm falling
Falling out of love

A perfect afternoon for lazing away
But small talk talking's all we got to say
Summer walks in and walks out again
We're falling

Falling out of love
Falling out of love
Is that what's got you hurtin'?

Falling out of love
Falling out of love
This heartache we cannot bear
Falling out of love
Falling out of love
Is that what's got you hurtin'?
Falling out of love
Falling out of love
This heartache we've got is murder

Sit us down and make us count to ten
Until the fault and blame subsides again
The clouds follow us around the bend
I'm falling
Falling out of love
