I love the feeling
Iâ€™m down to the ceiling
We laugh, we dance
Gonna enjoy this night, I donâ€™t care what happens

Raise glasses to the sky
(Raise glasses to the sky)
Everybodyâ€™s feeling right
(Everybodyâ€™s feeling right)
If we never live a lie
(If we never live a lie)
Weâ€™ll be desperate until tonight

We gonâ€™ do a damn thing
How do you like life for champagne
We gonâ€™ do a damn thing
How do you like life for champagne, champagne,
champagne
How do you like life for champagne
We gonâ€™ do a damn thing
How do you like life for champagne

Iâ€™m way over my head
Go on to end this feeling
I donâ€™t care, I need it
Iâ€™m there tonight, weâ€™ll never forget

Raise glasses to the sky
(Raise glasses to the sky)
Everybodyâ€™s feeling right
(Everybodyâ€™s feeling right)
If we never live a lie
(If we never live a lie)
Weâ€™ll be desperate until tonight

We gonâ€™ do a damn thing
How do you like life for champagne
We gonâ€™ do a damn thing
How do you like life for champagne, champagne,
champagne
How do you like life for champagne

We gon' do a damn thing
How do you like life for champagne

Put you hands up when you get to the sky, sky
Live your life like you'll never gonna die
Put you hands up when you get to the sky, sky
Live your life like you'll never gonna die

We gon' do a damn thing
How do you like life for champagne
We gon' do a damn thing
How do you like life for champagne, champagne,
champagne
How do you like life for champagne
We gon' do a damn thing
How do you like life for champagne
