I'm talking in
Like a job
I wanna work that body
Daddy work that body
Going hard, like a rock
Come on let me work that body
Daddy work that body

I'm turn up like a speaker
Hmm nice to meet ya
How 'bout you and me go in where nobody else can see
us
Hop on in my ride
Spaceship tight
Hope you ain't afraid of heights
I'm fly
Lemme cut you like a tree
(?)
Wish upon my body
Lemme be your genie
Anything that you need
Come and see me
And Imma getcha where you wanna be

[Chorus x2]
Boy I'm like a track
You won't get enough
I can get your mind right
Boy I got that goodnight
Thank you for the love
Every single touch
Let me get your mind right
Boy I got that goodnight

I'm talking in
Like a job
I wanna work that body
Daddy work that body
Going hard, like a rock
Come on let me work that body
Daddy work that body

Gotta... in the heels
Welcome to my later
I'll be your banana
Baby peel my legs
If you in like a...
Yes, touch there again
And I'll be on you like a hater
All in your states
Throws on the bubble
Lemme blow you up
Gon' be, you in trouble
Have a sip of wine, baby unwind
Imma show you one hell of a good time

[Chorus x2]

Boy I'm like a track
You won't get enough
I can get your mind right
Boy I got that goodnight
Thank you for the love
Every single touch
Let me get your mind right
Boy I got that goodnight
