Sak Noel
"It Girl"

Woke up this morning with a grudge the size of a short
story,
i feel, i feel so lowLet me start at the end, the part i
haven't
figured out yet, yes i am,
i'm moving slow. You are playing the lead, the
headache that
my actions feed,
oh i've only got myself to blame. This is another test
which
i would fail when at my best,
always ending the same
If i were an honest guy, i'd give this role another try

What do i do when i am so in love with you, i forgot
what i wanted to say
What do i do when you won't change your ways, it's
time, it's time.
If i just save you, you could save me too.
If i just save you, you could save, you could save me
too.

Da..
Da..
I woke up the next morning, and i didn't see it coming,
your bags were packed and gone.
Called all your friends they said they hadn't seen you
yet,
my head is going to explode

If i were an honest guy, i'd give this role another try

What do i do when i am so in love with you, i forgot
what i wanted to say
What do i do when you won't change your ways, it's
time, it's time
If i just save you, you could save me too
If i just save you, you could save, you could save me
too

I believe in the finer things and you don't believe in me

I said i believe in the finer things and you don't believe
in me

If i just save you, you could save me too
If i just save you, you could save me too

What do i do when i am so in love with you, i forgot
what i wanted to say
What do i do when i am so in love with you, i forgot
what i wanted to say

No one does it
No one does it better
No one does it at all
No one does it better
No one does it
No one does it better
No one does it at all
No one does it
I woke up this morning with a grudge the size of a short
story,
which now i have told you all
