Never said it would be easy
Never meant to break your heart
I'm begging you to forgive me
Please don't go

I want to fix what we've started
And get it right this time
To prove I'm not cold hearted
Please don't go
As you walked away from my arms last night
Unconvinced if we could be alright

I don't want to fall

Apart from you now
I'm so damn sorry to make you cry
I'll un-break your heart
And undo the pain
If you just give me another day
Forgiving isn't so easy
After all the hurt I've caused
Tonight I need you to believe in me
Please don't go

I can't go on without you
My tears are flowing for you
Please don't go
