"Jamaican Queen"

Visit "[Jamaican Queen](#)" on MotoLyrics.com

All I need
Is my Jamaican Queen
I can see
We're meant to be

We've had good times
Sipping rum at sunset every night
Ocean breeze is running down my spine
In the morning we lie
Cuddle up through the night
Feels so good
It's just like paradise

Woke up disappointed
To realize that this is just a dream
But I believe
Some dreams can be real
Should I pack my bags
And head out to the seas
It's only 6 hours between you and me

All I need
Is my Jamaican Queen
I can see
We're meant to be
