I-I-I can't see
The walls seem to close in tighter now
I can't breathe no more
In here nobody can hear me scream
I need you now
Just when i thought i can handle this
I need you now
It always comes back to this somehow
I know

Still trying to figure it out today
Still trying to bring back yesterday
Trying to fall asleep but i stay awake
Who knew we could not be stronger
We could not continue
Like this any longer
I call out to you, but all i hear is my echo
My echo, echo, echo

Ooh you left with a dagger in my chest
And a wound in my soul

And a pain i can't let go
And i can't help walking around
With my head all up in the clouds
Laying in this pool of doubt
Funny as it sounds

Still trying to figure it out today
Still trying to bring back yesterday
Trying to fall asleep but i stay awake
Who knew we could not be stronger
We could not continue
Like this any longer
I call out to you, but all i hear is my echo, echo, echo.
My echo, echo, echo, echo, echo, echo, echo, echo.

Hello?
Ohhhhh

We could not continue
Like this any longer

I call out to you, but all i hear is my echo, echo, echo.
My echo, echo, echo, echo, echo, echo, echo, echo.
