

Noah And The Whale "Blue Skies"

This is a song for anyone
With a broken heart
This is a song for anyone
Who can't get out of bed

I'll do anything
To be happy
Oh cause blue skies are calling
But I know that it's hard

This is the last song
That I write
While still in love with you

This is the last song
That I write
While you're even on my mind

Cause it's time to leave
Those feelings behind
Oh cause blue skies are calling
But I know that it's hard

I don't think that it's the end
But I know we can't keep going
I don't think that it's the end
But I know we can't keep going

But blue skies are calling
Oh yeah blue skies are calling
Oh blue skies are calling
But I know that it's hard
