If you gotta run, run from hope
If you gotta run, run from hope
If you gotta run, run from hope
If you gotta run, run from hope

I know I'll never be lonely, I've got songs in my blood
I'm carrying all the love of an orchestra
Gimme the love of an orchestra
Gimme the love of an orchestra
Gimme the love of an orchestra

So now in my deepest sorrow, there's no need for
despair
I'm carrying all the love of an orchestra
Gimme the love of an orchestra
Gimme the love of an orchestra
Gimme the love of an orchestra

If you gotta run, run from hope
If you gotta run, run from hope
If you gotta run, run from hope
If you gotta run, run from hope
