I will only let you down
I will only let you down
But my door is always open
Yeah, my door is always open

Well, I don't think that I ever loved you
But the world is dying to meet you
Oh, black birds they sing off the mountains
Joyous love songs that drift through the houses

But now I'm free, now I'm free
Now I'm free from all your pain

Oh well, church bells they are ringing for you
Oh, and choirs are singing in red
Oh, your voice could summon the angels
And your beauty could waken the dead

But now I'm free, now I'm free
Now I'm free from all your pain

You've only let me down
You've only let me down
But my door was always open
Yeah, my door was always open

Oh, I love with my heart and I hold it in my hands
But you know my heart's not yours
Yeah, I love with my heart and I hold it in my hands
But you know my heart's not yours

Yeah, I love with my heart and I hold it in my hands
But you know my heart's not yours
Yeah, I love with my heart and I hold it in my hands
But you know my heart's not yours
