Oh, and when will our heartbeats
Fall in two line?
And the click-clack of our boot heels
Beat out the same time

Oh, and when will your hand find
Itself in mine?
Oh, and when will your hand find itself
In mine?

And though I don't know your real name
Your real age or your shoe size
I will leave this bedroom chair
And this keyboard behind

And I will love you in reality
And dreams
And I will love you in reality
And dreams

And though it kills me to know
That when we are through
You go to your real lover
Who'll put real kisses on you

Oh well, an ex is about the best
That I can do
Oh well, an ex is about the best
That I can do

And so this lonely, lonely heart
Has no use left for living
After finding her love
In a heart so unpermitting

And I will die and never ever
Hold your hand
And I will die and never ever
Hold your hand

But I'll kiss my lips and I'll blow it to you
It'll be the last thing that I ever do

And wherever you go and whatever you do
There's a man underground that will always love you

Oh, wherever you go and whatever you do
There's a man underground that will always love you
Wherever you go and whatever you do
There's a man underground that will always love you
