There's so much life I've left to live and this fire's
burning still
When I watch you look at me, I think I could find the will
To stand for every dream and forsake the solid ground
And give up this fear within of what would happen if
they ever knew
I'm in love with you
'Cause I'd surrender everything to feel the chance to
live again
I reach to you, I know you can feel it too, we'd make it
through
A thousand dreams, I still believe, I'd make you give
them all to me
I'd hold you in my arms and never let go, I surrender
I know I can't survive another night away from you
You're the reason I go on and now I need to live the
truth
Right now, there's no better time, from this fear I will
break free
And I live again with love and, no, they can't take that
away from me
And they will see, yeah
I'd surrender everything to feel the chance to live
again
I reach to you, I know you can feel it too, we'd make it
through
A thousand dreams I still believe, I'd make you give
them all to me
I'd hold you in my arms and never let go, I surrender
Every night's getting longer
And this fire's getting stronger, baby
I'll swallow my pride and I'll be alive
Can't you hear my call, I surrender
I'd surrender everything to feel the chance to live again
I reach to you, I know you can feel it too, we'll make it
through
A thousand dreams I still believe, I'll make you give
them all to me
I'll hold you in my arms and never let go, I surrender
Right here, right now, I give my life to live again
I'll break free, take me, my everything I surrender all to
you

Right now, I give my life to live again
I'll break free, take me, my everything I surrender all to
you
Right now, I give my life to live again, I'll break free,
take me
