[Chorus:]

Cause I'm an outlaw, any minute could be my last call,  
Going all out,  
Prepared  
Back to wall, but I'm in it, till I finish, or I fall out, I'm all  
outta  
Fear

Cause I'm an outlaw, any minute, could be my last  
thought, got a whole lot  
To fear  
But we are in this, till we finish, any minute we gon' fly  
beyond limits or  
Fall out the air

But I'll be alright, through the winds, through the  
hardships, we been  
Through it all and survived

I'll be alright, it don't end, they'll be more  
They'll be storm and after storm  
We'll survive

[Maza:]

Maza's the name, and I come from a place quite similar  
to yours  
Got so many stories, I could build me a building with so  
many floors  
All the shit I've endured, so these words just pour free  
Remembering the age where they lost me  
You walk on the edge long enough, shit starts adding  
up, In the end too  
Costly  
But I'll paid that price unfortunately  
Seen death, and he took all my friends  
Said I'm next but he won't be back till I'm a hundred  
and ten  
So what am I left with in the end  
Memories I've repressed and depression setting in  
No escape, I'm glued to my fate  
StartYourOwnRebellion till I'm blue in the face  
We on a crash course, I ain't losing any sleep

I'm ready for it all, victory or defeat, I live for this see

[Chorus]

[Final Outlaw:]

Outlaw's never chose to be born,  
What name to be called, what race to belong to  
Never cared about rules and such, what rules? what laws?  
What audacity does mankind think it has?  
We drink from puddles while you drink from glass  
That's why I'm honored to be accepted as an ambassador for the working Class  
I don't regret a single second  
Defending peasants with a broken weapon  
I am them, I lived through the same abandon and disregard  
I check my scars when things get hard

Freedom over fortune and fame is my motto, Final  
Outlaw is my name  
Stay alive as long as you can and you could be king if you harness the pain

[Chorus]

[  
Hope for the best prepare for the worst  
But I won't live in fear you could bury me first, right here  
Death isn't scary, it barely hurts  
It seems birth is the pain that we can't reverse  
I mean your memory barely works your so traumatized  
The second that you slide out your mommas thighs  
You done lost your mind,  
You don't care and leave it all behind, it's light years back there  
Cause I'm an outlaw from the minute that I came out the womb  
Tell the world that I'm here  
Even if they say that I'm finished, I ain't finished till I say so  
Don't listen to the shit that you hear  
Cause all I hear is bitching from these lames callin everybody names  
But I'm a make a change for the better if you ain't then get up out our way  
Just a warning if you stay I'm a rebel bitch I'm Paul Revere  
Yes, I brake the law and I must confess

Let me get this straight it ain't the law I'm against...  
Only the rules that they use to oppress  
Don't be a fool and let them use you against us  
Chess, pawns  
Never believe in what they said you are  
Settle for king and no less  
Though they meddle with me  
I'll never be in a check mate  
Nah

[Chorus:]

I'll be alright  
I'll be alright  
I'll be alright  
I'll be alright

Cause I'm an outlaw, any minute could be my last call,  
Going all out,  
Prepared  
Back to wall, but I'm in it, till I finish, or I fall out, I'm all  
outta  
Fear

Cause I'm an outlaw, any minute, could be my last  
thought, got a whole lot  
To fear  
But we are in this, till we finish, any minute we gon' fly  
beyond limits or  
Fall out the air
