[Maza - Verse 1]

My words are like lightning striking the pavement
Sounds like thunder, now watch in amazement
They don't do it like we do it
Comb the streets police trying to put me through it
Cuz I live young and reckless free
Silly how these young detectives be
They go out their way to pester me
Guess it comes with the celebrity
Of being an Outlaw, the girls won't leave
Cuz I take them to Ecstasy, all I ask is that you believe
Imagine waking up next to me, but freeze
Life on the edge, indeed telling you don't wanna play
with me
A bad guy allegedly, whose been through it all from A-
Z
Wanted everywhere I go, name ring bells all across the
globe
So, you can roll, just make sure this something that
your suited for

[Chorus]

Look over ya shoulders wherever ya go cuz
You never know who is watching all them eyes
Playing you closely might hear them approaching
But don't say a word until the time is right

I'll be right here! (x8)

[07017 - Verse 2]

0.7.0.1.7 reporting
What we do here is so important
We are arguably the most debated
Labeled outlaws, the poster say it
Wanted cuz we want to make our choices
Express our thoughts and just lift our voices
But they don't want that, they say I'm boisterous
And when I talk back they say it's bullshit
Get the picture, now flip the portrait
Then you will truly see who's the culprit
They say I'm damaged, what's ya malfunction
They lay out panic, and we get jumping

Create the problem so they can solve them
We beg them please and they take what's sovereign
Next thing you know can't shake them off ya
And that's what they call a bargain
Freeze
