Chorus:

We've already broke the boundaries that they've laid
down/

We've already the cross the line, we can't just lay
down/

So now they're gonna bow, they're gonna stay down/
Cuz now we're running wild, and crazy!

Maza:

I don't know what we'll gain/

If we run, duck and hide/

Can't expect justice,

Prepare for a bumpy ride

I don't know what you mean

I don't know what's implied...

But I know what I've seen...

And it's a fuckin lie!

How can we knowingly blind ourselves

Shielding our eyes from the horrors of hell

Look out your windows, stop lying to yourselves

There's no conspiracy, it's out there for all to see

An outlaw till my last day, and I'm ready for whatever
that brings

You can tell already I ain't that sane

Me against the world, 17 on the team, caddy with me in
the fast lane

As we roll through all terrain, through the hail, rain,
thunder, clouds grey

And I'd do the same for you, if you asked me

Go through oncoming dangers

When they wouldn't step a foot in, lift a finger

Not cause they couldn't save ya, might as well put the
bullet in the chamber

They say we all look the same, whether hoodie or
blazer

You're an outlaw before you even claimed it

So let's join forces, we're the nameless, in-famous

Chorus:

We've already broke the boundaries that they've laid

down/
We've already the cross the line, we can't just lay
down/
So now they're gonna bow, they're gonna stay down/
Cuz now we're running wild, and crazy!

Kid.digit-Ã,:
It's a lot to take in
When it feels like it never ends
Never has never been
Here we are again and again
And we start where they end
Knock knock knock let us in
You ever been asleep but you ain't
Ever had a dream seem real as being awake it's not
just hoping
I never left an option open
Never been one to stray
Never been one to stop
Even when the walls closing in
Never rest till atop mount everest
Never run never ran unless it was
To come back again and I'm back again
So what's happening and I'm acting up
With an acronym that I'm tagging up to the maximum
So you asking us who exactly is syor yep that is us
Put it on you tat it up if you want to
Hop on the bus but I warn you they on to us
And we on our own and there's no turning back when
they want you gone
But we on the cusp slow learners burn slow when you in
a rush
Ashes to ashes dust to dust cause we just might have
us an accident
Crash thru the barriers trappin us
And that's a must if you askin me
If it's about outlaws then you ask for us
It's not about whut you are but about to be free

Chorus:
We've already broke the boundaries that they've laid
down/
We've already the cross the line, we can't just lay
down/
So now they're gonna bow, they're gonna stay down/
Cuz now we're running wild, and crazy!

Bridge:
I'm up and away way now
Remember when I was way down
I'm up and away way now

Remember when I was way down
