"To You"

I've done all that I can
Give me some place to land, now
See you holding your hand out
But...

What am I? What am I?
What am I? What am I to you?

Our bridge is in flames
With the reasons we came here
Sure I once knew the names, dear

But...

What am I? What am I?
What am I? What am I to you?

When you're taking it all, you're taking it all
You're taking it all...
So there's no place to fall, there's no place to fall
There's no place to fall...

What am I? What am I?
What am I? What am I to you?
