I've been wrong  
I'm not afraid to admit  
And I know  
I only gave loneliness  
Baby don't  
Throw away what we made  
Cause I don't know if I can take another heartache

Baby don't go  
Don't walk away please stay  
Baby don't go  
What more do I have to say  
Don't you know  
Don't you know that I want ya, I need ya  
I'd give anything  
I can't take another day  
Don't go

Oh, oh, oh yeah  
Oh, oh, oh yeah  
When we met  
Love was pure tenderness  
Can't forget  
From the first time that we kissed  
Girl I pray  
That you will always be here  
With every part of me I promise thee  
Anything

Here in my arms  
Can't you see  
That you're close to my heart  
Girl can't you tell me  
What went wrong  
Cause I need to know

Baby don't go  
Don't walk away please stay  
Baby don't go  
What more do I have to say  
Don't you know

Don't you know that I want ya, I need ya  
I'd give anything  
I can't take another day  
Don't go

Ya know I want ya baby  
Ya know I need ya baby  
Ya know I want ya baby  
Don't go

Baby don't go  
Don't walk away please stay  
Baby don't go  
What more do I have to say  
Don't you know  
Don't you know that I want ya, I need ya  
I'd give anything  
I can't take another day  
Don't go  
(repeatx2)

Please stay  
Baby don't go  
Please stay  
Don't you know  
Please stay
