WE ARE BACK - in the ring, doing what we all love
REAL - TRUE- Whatever it takes.. There's no hidden
agenda
If you still got something to say
Here's your chance, to be a man,
STEP THE FUCK UP - GET IN FRONT
Show us all that your nothing but a CUNT!

Still spreading the word
The message is all the same
Doing the best i can
To show that, I'm still a loving man
So if you don't like us - FUCK YOU!

We are back in the ring, doing what we all love
REAL - TRUE- Whatever it takes.. There's no hidden
agenda
Back in the ring

We know you roll the dice
Kill leprechaons, and fantasize
I can't grasp that you carry on
With your pathetic insults, making this third round
Once again you make it so very personal - WAKE UP!
It's all about the music that we love

WE ARE BACK - in the ring, doing what we all love
REAL - TRUE- Whatever it takes.. There's no hidden
agenda
If you still got something to say
Here's your chance, to be a man,
STEP THE FUCK UP - GET IN FRONT
Show us all that your nothing but a CUNT!

Once again you make it so very personal - WAKE THE
FUCK UP!
It's all about the music that we love
