I'll give you all i've got - Never looking back
Mu commitment, is my everything
I'll be right here with you
You and me, that's all i need

Never looking back
Never looking back
I'll give you all i've got

Some people think i have wasted my life

No way, it's you and me
I'll be right here with you
You and me, that's all i need

Never looking back
Never looking back
I'll give you all i've got

I'll give you all i've got
I'll give you all i've got
