I've seen it only in my dreams  
I tried so hard, so you'd believe  
But now that I'm gone  
I'm feeling like this could be real [x3]

Now that I'm gone  
I'm feeling like this, feeling like this

Feeling like this

But now that I'm gone  
I'm feeling like this, feeling like this

Feeling like this

I've seen it only in my dreams  
I tried so hard, so you'd believe  
But now that I'm gone  
I'm feeling like this could be real [x3]

Now that I'm gone  
I'm feeling like this, feeling like this

Feeling like this

But now that I'm gone  
I'm feeling like this, feeling like this

Feeling like this
