Love is a potion
Mixed up by careless fools
And it takes two
And it takes two

Love isn't searchin'
It comes right out the blue
And when she casts her spell
There's nothing you can do.

Love is a potion
Mixed up by careless fools
And it takes two
And it takes two

Don't let me down

I will stand up for you
When you hold me like you do
I'm right here next to you
But I don't understand
The games you play with my heart

Love is a potion
Mixed up by careless fools
And it takes two
And it takes two

Love isn't searchin'
It comes right out the blue
And when she casts her spell
There's nothing you can do.

I will stand up for you
When you hold me like you do
I'm right here next to you
But I don't understand
The games you play with my heart

Love is a potion
Mixed up by careless fools

And it takes two
And it takes two

Love isn't searchin'
It comes right out the blue
And when she casts her spell
There's nothing you can do
