Well, I can hear the noise in the city  
But I can't move what is that in the distance  
Well, it's the gateway through  
The night's so young, I feel numb

If you hear them, hear them too  
I won't be far, too far from you  
And if you see them, see them too  
They won't be far, too far from you

You get the sickness from the heat wave  
The sickness of the afraid  
I get the shakies from the party, oh  
And I can't find you

My conscience found its new name  
It tries and gets me in a new way  
I'm like a voice in the city  
I know I won't find you this time

Now I can hear the noise from the city  
Is there no one here  
What is that in the subtext, will your voice be clear?  
As time goes by you'll might find

If you hear them, hear them too  
I won't be far, too far from you  
And if you see them, see them too  
They won't be far, too far from you

You get the sickness from the heat wave  
The sickness of the afraid  
I get the shakies from the party, oh  
And I can't find you

My conscience found its new name  
It tries and gets me in a new way  
I'm like a voice in the city  
I know I won't find you this time

The night's so young, I feel numb  
If you hear them, hear them too

I won't be far, too far from you  
And if you see them, see them too  
They won't be far, too far from you
