Can I get your number, baby?
Hit me with the seven digits
Can I get your number, baby?
Hit me with the seven digits

When you walked through that door
I nearly lost my mind
Your sexy attitude
And something 'bout your smile

I knew right then and there
I had to know your name
I had a crush before
But this just ain't the same

'Cause I've never fallen in love before
With a girl I didn't even know
And there's somethin' about you
That tells me that I should be down

I've been east, I've been west
Even all around the world
But I've never seen a girl like you
Seen a girl like you

I've seen blondes and brunettes
And some really hot redheads
But I've never seen a girl like you
Seen a girl like you

Can I get your number, baby?
Hit me with the seven digits

Must be a supermodel
You're a perfect ten
Your body's off the hook
And girl I must confess

If you were on display
I'd wait all week in line
Please check my vision
'Cause I can't believe my eyes

'Cause I've never fallen in love before
With a girl I didn't even know
And there's somethin' about you
That tells me that I should be down, down

I've been east, I've been west
Even all around the world
But I've never seen a girl like you
Seen a girl like you

I've seen blondes and brunettes
And some really hot redheads
But I've never seen a girl like you
Seen a girl like you

Can I get your number, baby?
Hit me with the seven digits
Can I get your number, baby?
Hit me with the seven digits

I've never fallen in love before
With a girl I didn't even know
But there's something about you
That tells me that I should be down

I've been east, I've been west
Even all around the world
But I've never seen a girl like you
Seen a girl like you

I've seen blondes and brunettes
And some really hot redheads
But I've never seen a girl like you
Seen a girl like you

I've been east, I've been west
Even all around the world
But I've never seen a girl like you
Seen a girl like you

I've seen blondes and brunettes
And some really hot redheads
But I've never seen a girl like you
Seen a girl like you

I've been east, I've been west
Even all around the world
But I've never seen a girl like you
Seen a girl like you

I've seen blondes and brunettes
And some really hot redheads
But I've never seen a girl like you
Never seen a girl like you

I've been east, I've been west
Even all around the world
But I've never seen a girl like you
Seen a girl like you

I've seen blondes and brunettes
And some really hot redheads
But I've never seen a girl like you
Like you
