Love, you threw me under

Just a little white lie  
Fangs to seal the venom in your blood  
Is it love, lust, or simply just a crutch for what's become  
Without a care...

So bleed me dry  
and I'll try to cover up my past afflictions  
Cause you're my new addiction  
And though in spite you were right  
to throw me under where you left me  
Its love-sick passion fueled by insanity

All the lies are adding up  
(You took me by surprise)  
and I think I've had enough  
Bad habit, you're like a drug  
My hands are tied and ankles cuffed  
You took me by surprise  
Just a little white lie

Love sold me cheaper than matches and gasoline  
It's never what it meant to me  
It's never what it meant to me

So bleed me dry  
and I'll try to cover up my past afflictions  
Cause you're my new addiction  
And though in spite you were right  
to throw me under where you left me  
Its love-sick passion fueled by insanity

Love, you threw me under  
And it's true, I'm here where you left me

Love sold me cheaper than matches and gasoline  
It's never what it meant to me  
It's never what it meant

Love sold me cheaper than matches and gasoline

It's never what it meant to me  
It's never what it meant  
(I've burned myself!)

(Bleed, bleed, bleed...)  
So bleed me dry  
and I'll try to cover up my past afflictions  
Cause you're my new addiction  
And though in spite you were right  
to throw me under where you left me  
It's love-sick passion fueled by insanity

All these lies are adding up  
and I think I've heard enough  
A bad habit, you're like a drug  
My hands are tied and ankles cuffed

All these lies are adding up  
and I have heard enough
