Run for your life
You should not wait,
Suit yourself; I'm looking through you
I get out Sunday morning,
As tears go by, my time;
I'm dying

You talk way too much
If I ever feel better I'll keep it in line, mine

Tomorrow never knows what goes on
Days that are over, the only ones
Somebody to love after hours
Do you come again back for love?

So here we are, wouldn't it be nice
To turn your knife down low - for no one
Oh, sweet nothing,
You won't see me,
I want to tell you this modern love

You are the light, is to be
By the seaside in my life
Life

Tomorrow never knows what goes on
Days that are over, the only ones
Somebody to love after hours
Do you come again back for love?

I'm sticking with you, take it or leave it
Alone together, in my arms

World in motion, hope there's someone
Come give me loving, there and everywhere
Wish you were here

With some help from my friends who lost the sun
And it's shining...

Tomorrow never knows what goes on
Days that are over, the only ones
Somebody to love after hours
Do you come again back for love?
