(Verse 1)

Tell me what happened to us? Mishaps, the trust, the
laughs, the loves, couple of things we 'aint doing now
I hear you sayings you moving on and you moving out
Its like we been in jail I 'aint know you was out
Say you want some new shit, you chuckin' your deuces
I'm like who are you Chris? Girl you know that's foolish
I feel the rougher we come, fuck it the lovin' is done
Chuck it up in a bums bucket and cover with gum
Lucky I'm a rouged brother feel like the lovin' was fun
Now its done send it back give up and refund.
See the thing about love is it comes when it comes, but
when it leave it will hurt like a cut in the gums
No jumping the gun, think you've head up with the one,
until one day she had enough its fed up and its done
So don't ever take for granted what your mind feel,
remember she can be the one but only time tell

(Chorus)

Said Ima' write it down, hoping you reply
Said Ima' throw it up, throw this to the sky
Now its floating up, look at where it fly
Look at who we were, look at who we are now
I wish we could fly
I wish I could take you up and fly and reach my nose to
the sky
Im just going to throw it up and hope it lands in front of
you

(Verse 2)

This is about us, this is about trust
This isn't about lust or non of that other stuff
This is is about truth, whenever truth occurs
Do you have the courage to tell the truth instead of
words
I dislike lairs im just like Mia, you get the best of me
and I just might fire
And its the main reason I cant give you all my feelings
or nothing
I feel like you frontin', I feel like you dealing with
something that got nothing to do with me
And look what you do to me, try to give you a truer me

but you was just foolin' me
Huh I guess the fool is me, and little foolish me I was
just trying to make it better for you and me
And what I could see is that me and you will never ever
be who we use to be
And I took for granted what my mind told, I had to sit
and let it happen and only time told
Swag

(Chorus)

Said Ima' write it down, hoping you reply
Said Ima' throw it up, throw this to the sky
Now its floating up, look at where it fly
Look at who we were, look at who we are now
I wish we could fly
I wish I could take you up and fly and reach my nose to
the sky
Im just going to throw it up and hope it lands in front of
you
Throw, throw, throw, throw
