I'm waiting for you, got a couple of women
And I could probably cup if I wanna
I be chilling 'fore a big girl digging fish all up on my
dick
Now these bitches all on it, I'm watching them pressing
on my buttons
Man, I'm pressing up the buttons on my phone, dialing
up on your number

I'm tryina get right for tonight
If you telling me no, honey, got a hundred pounds, I
could blow a hundred tho'
I could blow it like snow
And I heard you like it rough, we can bring your body
down to a low right now
Girl, lay it like that, stop fronting, oh, yeah
'Cause I like what you like
Girl, got an attitude right
I was playing with your jaw like a child, making love
But you let me love, but you let me hit it in the morning
while you yawning
So the sun rises and we've done it
Kinda sunrise when we go in
Like a sunrise I storm in
I'mma get your body wet, girl, storm in

I'm tryina go up all night
'Cause the way your body dizzy
Got a nigga tryina leave it up to odds
All night
When we grinding it, wind your body like your fronting
it
Every time I get on and off tonight
And I ain't tryina hear responses, love
It's that super love as they do on
As they do on
Since I fell in love with your body
I've been all over, girl, and I want it
Since I fell in love with your body
I've been all over, girl, and I want it
Since I fell in love with your body

I've been all over, girl, and I want it
Since I fell in love with your body
I've been all over, girl, and I want it
Since I fell in love with your body
I've been all over, girl, and I want it
Since I fell in love with your body
I've been all over, girl, and I want it

Riding in a whip 'cause a nigga about to come to your
crib
Sitting up in the seats, thinking me being up in your
bed
Laying like that yeah, wanna fight back, wanna do, I
might jack
Wanna do it, I had to book a flight back, girl
When I land we'll get back right to it
It ain't no news, tell what's up, we both got needs and '
For what we both want, everything's been up and down
It's up and down and every time I come around we fuck
around
Shit, are we in fucking love, we fuck around, I just need
to know
Every time a nigga in it for the minute, momma get up,
in it now
Tryina get it for the moment, now I got this Henny,
sipping in it some
And I'm tryina smoke them'
You try to go another one, another round, with this real
shit I'm down
With it if you down, with it, tryina take it from the ceiling
to the grown, with the
Baby girl, I'mma doubt whether you can tell it all when
I'm in it

I'm tryina go up all night
'Cause the way your body dizzy
Got a nigga tryina leave it up to odds
All night
When we grinding it, wind your body like your fronting
it
Every time I get on and off tonight
And I ain't tryina hear responses, love
It's that super love as they do on
As they do on
Since I fell in love with your body
I've been all over, girl, and I want it
Since I fell in love with your body
I've been all over, girl, and I want it
Since I fell in love with your body
I've been all over, girl, and I want it
Since I fell in love with your body

I've been all over, girl, and I want it
