Just cruisin' around the world  
Top down with my favorite girl  
Wind blowin' through our hair  
Livin' like we got no care  
No care(no care), no care (no care)  
Just livin' like we got no care  
No care(no care), no care (no care)  
Just livin' like we got no care

This feeling should last for life  
With you boy it feels right  
This feeling should last for life yeah

She got a man at home but she call me daddy  
Pretty mixed girl, you should see the fatty  
On the weekends I let her whip the Caddy  
She make my ex girlfriends still wish they had me  
Never discuss love, we only make it  
Cause if I give her my heart, she gon only break it  
I take her to Paris and let her buy it all  
And as quick as she try it on, she slide it off  
We like to floss

Just cruisin' around the world  
Top down with my favorite girl  
Wind blowin' through our hair  
Livin' like we got no care  
No care(no care), no care (no care)  
Just livin' like we got no care  
No care(no care), no care (no care)  
Just livin' like we got no care

This feeling should last for life  
With you boy it feels right  
This feeling should last for life yeah

She even roll and smoke blunts with me  
Hit the red carpet she gon stunt with me

My niggas is good, she better company  
And I put her up front, she'll never front on me  
Always out to eat at Philippe Chow's

Only dessert for me, her sweet smile  
Christian Loubutin's make her heart stop  
And them panties get moist when we car shop  
For that hard top

Just cruisin' around the world  
Top down with my favorite girl  
Wind blowin' through our hair  
Livin' like we got no care  
No care(no care), no care (no care)  
Just livin' like we got no care  
No care(no care), no care (no care)  
Just livin' like we got no care

This feeling should last for life  
With you boy it feels right  
This feeling should last for life yeah

Baby your smile in the sun is all I need for now  
Nothing else matters when you're right here with me,  
no doubt  
We'll make this last forever  
Ball out and shine together  
Your inhibitions aside girl as we ride it out

Just cruisin' around the world  
Top down with my favorite girl  
Wind blowin' through our hair  
Livin' like we got no care  
No care(no care), no care (no care)  
Just livin' like we got no care  
No care(no care), no care (no care)  
Just livin' like we got no care

This feeling should last for life  
With you boy it feels right  
This feeling should last for life yeah
