Track Eatersssssssssssss

This night is ours  
You see the stars  
Me and my crew, we do it large  
It's going down  
Let's start the rounds  
I'm pitching ones but don't need no mound

Oh Oh Oh Oh Oh  
She shake it like it mean it  
Got all the fellas fiendin'  
And we just steady screamin'  
Oh Oh Oh Oh Oh  
Yeah I just noticed that  
The way she throw it back  
It make me wanna grab

This girl is shuttin down the stage now  
Tell security its on when they play her favorite song  
yeah  
This girl is winning the whole race now  
There's no girl that even close and I'm sweatin' her the  
most yeah

Hey (x3)  
Girl you turn this club out  
Hey (x3)  
Girl you turn this club out

You got me hypnotized  
Your hip and thighs  
Victoria's secrets arent even a surprise  
Patron and gin are all in my system, your rhythm just  
grabs my attention oh yeah

Oh Oh Oh Oh Oh  
She shake it like it mean it  
Got all the fellas fiendin'  
And we just steady screamin'  
Oh Oh Oh Oh Oh

Yeah I just noticed that  
The way she throw it back  
It make me wanna grab

This girl is shuttin down the stage now  
Tell security its on when they play her favorite song  
yeah  
This girl is winning the whole race now  
There's no girl that even close and I'm sweatin' her the  
most yeah

Hey (x3)  
Girl you turn this club out  
Hey (x3)  
Girl you turn this club out

She got the body of a goddess  
Not cocky she's so modest  
Twerk on stage, she get it poppin'  
Work on stage to support her shoppin'  
I throw ones like strikes at her  
Watch flew off, thought I threw ice at her  
Love it when I make it rain hard every weekend  
Push the good girls out, bring the freaks in, now we  
speakin'  
And you talented, the way you balance it is like magic  
Take it low, bring it up then you smack it  
I'm in love, here's my heart you can have it  
Just jokin though, but that booty lookin oh so swollen  
tho  
whew good God almighty  
I want to put your body in my Bugatti

This girl is shuttin down the stage now  
Tell security its on when they play her favorite song  
yeah  
This girl is winning the whole race now  
There's no girl that even close and I'm sweatin her the  
most yeah

Hey (x3)  
Girl you turn this club out  
Hey (x3)  
Girl you turn this club out
