The asshole in front of me is riding his brakes.

The speed limit's 35, he's going 28.

Looks like there's a wreck ahead.

I knew i shoulda stayed in bed.

Cause i hate to drive.

I hate to drive.

I hate to drive.

On the highway i'm a mess.

I'm pissed off and in distress.

It won't be long before i go insane and shout at people
in the passing lane.

Cause i hate to drive.

I hate to drive.

I hate to drive.
