Sitting here in my living room.
I gotta go gotta get it soon.
I gotta gotta gotta gotta get away.
Gonna get in my old car.
Gonna drive it so damn far.
Gotta get my ass out to L.A.
I gotta gotta gotta gotta get away.
Cause my old man says i can't stay.

Gonna go out and start a band.
We're gonna be from L.A. man.
We're gonna get hip, we're gonna sound real cool.
Gonna muffle every chord.
Gonna get a new skateboard.
Gonna write my love songs just for you.
I gotta gotta gotta gotta get away.
Cause ma and pop says i can't stay.
Yeah Yeah Yeah.

Gonna go out and get a girl.
She's gonna teach me about the world.
Gonna take her out every night.
She'll say i'm wrong when i know i'm right.
She won't believe a word i say.
Play her all the songs i steal.
Tell her i got a record deal.
I guess i have to learn to play.
I really need to get away.
Cause mom and dad says i can't stay.

I got kicked out.
I got kicked out.
I got kicked out.
I know my brother's really glad.

I got kicked out.
I got kicked out.
I got kicked out.
I got kicked out by my mom and dad.
