I'm sorry for everything i've done.
I was just out having fun and trying to impress my
friends.
They planted the ideas in my head, but i'm the one that
got in her bed.
And i regret everything i did.

I try to say i'm sorry, but you just don't understand.
I try to say i want you back, but you want another man.
I try to say i need you, it just don't work this time.
I lost the only friend i needed to be mine.

Cheating isn't nothing new and you know i was never
true.
And my excuses, they just don't work.
I know you don't want me back and maybe that's why i
act, cause i know i'm a fucking jerk.
I try to say i'm sorry, but you just don't understand.
I try to say i want you back, but you got a better man.
My friends can all go to hell, without you i can't breath.
Out of all the girls i had, you're the only one i need.
